

WISE THOUGHTS

The holidays are just around the corner, and many families are starting to plan their end-of-the-year spending. But what about the rest of the year? When was the last time you took a look at your financial goals and made a budget?

For many people, budgeting isn't always on top of their list of things to do. It takes time, it can be tricky to start, and it can be stressful to work out a way to achieve goals. But it is well worth it to see what you have and where you're going.

We've put together a handy worksheet on our website to get you started. It contains budget tips and tricks, a goal tracker, a monthly budget worksheet, and a daily expense tracker. You can find this on our website at greensboromcu.org/budget or stop in any branch and ask a staff member for a printed copy. Your membership also includes MoneyDesktop, a budgeting app that you can take advantage of for free. You can find more details at greensboromcu.org/moneydesktop.

Remember, GMFCU is always here to help you understand your financial situation. Don't hesitate to give one of our Member Service Representatives a call if you have any questions.

Yours in prosperity,

JERRY WISE
